

There are now two options for National Trust Membership :

1. NTQ Green Guardian Membership for free entry into Currumbin Wildlife Sanctuary.
2. National Trust of Queensland Membership half price entry into Currumbin Wildlife Sanctuary.

Thank you for supporting the National Trust of Queensland.

As Queensland's only state-wide community heritage organisation, the National Trust is proud of what it has achieved in the last 45 years.

To continue its valuable work, the Trust must keep upgrading and improving: restructuring our governance model; raising money to upgrade our properties; and strengthening our advocacy role.

The **Currumbin Wildlife Sanctuary** is a very special National Trust property. To continue caring for this environment and allowing thousands of visitors to **get closer** to Australia's unique wildlife, the Sanctuary must keep upgrading its facilities. We have important projects coming up, including our new Wildlife Hospital.

The National Trust has also updated its membership structure. A new membership category has been introduced called:

The NTQ Green Guardian Membership.

The NTQ Green Guardian Membership will help support the animals and facilities at Currumbin, and provide **free** entry to Currumbin Wildlife Sanctuary, as well as **free** entry to other National Trust properties across Australia and the World.

National Trust of Queensland Members will have half price entry to Currumbin Wildlife Sanctuary.

A list of the **membership categories and fees** and details of how to purchase them is set out on the next page. As you can see, the new NTQ Green Guardian Membership is based on just **2 times** a single visit for families, which is excellent value for money as well as being an investment in a worthy cause.

The National Trust has responded to community concerns about the previous membership arrangements. These arrangements, including the NTQ Green Guardian Membership, will help raise funds for the ongoing conservation work at Currumbin and this is a huge step forward for the Sanctuary.

The future of the environment and wildlife of the Sanctuary and respect for Alex Griffiths' vision have been the primary concerns in making these changes.

I look forward to your continuing support for the National Trust *and* its special property, the Currumbin Wildlife Sanctuary - **a place of outstanding environmental heritage.**

John Jackson, President
