All For Queensland

The Governors and The People

'A book that tells of how the governors engaged with the people of Queensland and with their hopes, achievements and disappointments. Not a book about garden parties and ritual and formality, but a book about real people, about Queenslanders.'

Her Excellency Quentin Bryce AC, Governor-General of Australia, previously Governor of Queensland

The Authors Peter and Sheila Forrest

Peter Forrest is a fourth generation Queenslanders who has written and broadcast extensively about Australia's history. The special focus of his work has been the people and places of inland Queensland. Sheila Forrest is a comparative new arrival from Scotland who shares the background of many of Queensland's pioneers.

'The authors have done a great service to Queensland history.'

This book, richly researched, thoughtfully written and beautifully illustrated, will help to broaden the community's knowledge of the differing and unique contributions each of our 25 Governors has made to our history, and in so doing, help to deepen our understanding of the individuals and events that have defined and shaped the State of Queensland.'

Penelope Wensley AO, Governor of Queensland
