

“SUSANNE GODEFFROY”

1865

Hamburg to Moreton Bay

There were 533 people on the voyage

152 Family Groups

Are you connected to any of them?

Do you know where they settled?

Do you have any photos?

Do you have any documents?

Were they Naturalized?

Did they marry in Australia?

How many and who were their children?

When and where did they die?

We are writing a book on the ship and its people. We are researching what happened to the families and we are interested in making contact with descendants of immigrants on that voyage.
